## *Missive from Baroness Sciath*

---

Greetings, Rising Waters Community!

We were able to attend Their Majesties Coronation and joined in a joyous celebration! Their Graces, Kaylah and Trumbrand held a regency court, after which Their Majesties were finally adorned with the crowns of Ealdormere. Wassail! I was particularly excited to see Lord Iustace di Cordoba recognized with an Award of the Scarlet Banner - I'm proud that the renown of Our armoured champion has come to Their Majesties' notice. Wassail!

Thank you to all who attended our picnic on September 26 at Fireman's Park.

We had a beautiful day, and I was fortunate to meet one of our newer members, Crespin!

**Stone the Crows** (in the incipient Shire of Champs des Corbeaux) on September 18 was a relaxing event, and I was fortunate to work with the Fencing MIC on my MIT duties.

Photos: Sciath Ingen Chaennaig

**Huntsman's Harvest**, in our neighbouring Barony of Ben Dunfirth, was a beautiful day on October 2, I was able to participate in the fencing poker tournament.

**The Brawl in the Fall - Pikeman's Pleasure** was just this past weekend, and we were excited to celebrate Their Majesties' recognition of Lady Gelleia le Vintner, our very own Arts & Science Champion, with an Award of Arms. Wassail!

For upcoming events, Their Majesties will hold a tournament to determine their heirs, on October 20; Feast of the Hare, and Skraeling Althing Investiture is scheduled for November 13. I look forward to representing the Nobles of the Chalice in conveying congratulations.

The Queen's Prize Tournament is a go for this year! It is scheduled for November 27, and I encourage any interested in participating to check out this exciting event. I spoke with Duchess Adrielle this past weekend, and the site and setup will provide for good spacing for all attending.

### ***Youth Corps Update:***

I have received reports that Sugawara Takamasa, son of Sir Richard and Baroness Annabelle, has engaged in activities related to the scribal arts. In support of our youth corps. Congratulations and welcome to our first member of the Baronial Youth Corps!

I know that many of us have been fortunate to attend events from around the known world, and I'm grateful for the opportunity to engage with so many old friends and new friends in the Society. As we head into the Fall, we are optimistic about our future. I look forward to seeing each of you again, so please take care of yourselves while we bide our time. If you have any questions or concerns, please feel free to get in touch with me at [risingwaters@gmail.com](mailto:risingwaters@gmail.com). Remember that I hold each of you in my thoughts and in my heart.

Yours in Service,  
Sciath

## ***A Message from the Web Minister***

---

There have been some developments in the Barony's online presence that are currently a work in progress. For quite some time now we've been planning on getting a searchable database of important information about our Barony's populace.

What this means is that when it is complete, users will be able to go to the website and search Heraldry, Awards, and the Order of Precedence. I'm fairly excited about the possibilities for this database of information and hope it will prove to be useful!

If there are any special features that you can think of that you would like to integrate into this system please let me know and I will see what I can do.

Thank you!

YIS, Bera Oddsdottir  
Webminister

## *Fight Practice*

Fight practices are happening out of doors, weather dependent, at the home of Lord Michaelus, **22 Cunningham St, Thorold starting at 5:30 pm on Tuesdays.**

We have had upwards to a dozen people out with five in armour, which included three Knights, some out of armour trainees, and some along to socialize. We have construction lights to allow fighting and packing up after the sun has gone down. All are welcome but they must pre-register at [marshal.risingwaters@gmail.com](mailto:marshal.risingwaters@gmail.com) with modern name and telephone number.

Please bring your mask, and your own chair and water. Warning the mosquitos have come out with the cool weather so repellent is recommended.

We are not currently running rapier practices but those could be arranged in due course if there is enough interest.

Loaner equipment is available but please request that in advance. If anyone needs help putting together armour or rattan weapons please reach out to me.

We are looking at an indoor fighting site in the Greater St. Catharines area. If you know of a suitable space for rent please let me know. We do not know if the DSBN will be renting or not and inquiries are being made on that front.

The fighting forces of the Barony of Rising Waters are going to grow this year so come on out and take a chance to hit your friends.

Yours in Service  
 Sir Richard  
 Marshal Barony of Rising Waters

# *New Fighter Authorizations*

---

So you're interested in becoming a fighter or a fencer?

1. Read the handbook for your area of combat. These are available on the Kingdom of Ealdormere, Library site:
2. [ealdormere\\_armoured\\_combat\\_rules\\_2011.pdf](#)
3. [Ealdormere Fencing Handbook v7.pdf](#)
4. Gather your gear - armour, weaponry, shield/buckler, and off-hand tools. Many new fighters are able to use loaner gear, maintained by the Barony's Marshal. This can be useful in allowing you to test out different gear, and determine what you might like to invest in for your very own armour and weapons. Not all armour is the same, and so it is a good idea to check out the range that is available, both for your persona and for your budget. Second-hand gear is sometimes available, and there are groups on Facebook focused on
5. Spend some quality time at fight practices, both local and in neighbouring groups. You may be able to carpool with other fighters who are interested in travelling to practice.
6. Consider doing a practice authorization with the fighters and a marshal that you've been training with, and ask a friend to act as your 'coach's corner.' Having a friend provide support, constructive feedback and keep you hydrated is just going to help you to do better in fighting - whether getting authorized or fighting in a list.

## **Authorization Process - Armoured Combat (Section C of the Armoured Combat Handbook)**

1. A copy of the Rules of the List and the Combat Conventions of Ealdormere must be available at any official event at which authorizations may be conducted. Note that this includes a group practice if authorization is to be attempted there.
2. All participants who enter the list area must have an authorization card or execute a temporary waiver before participating at an official event.

3. Two (2) warranted marshals are required to authorize a fighter, a third is preferable, and, in any case, at least one should be unfamiliar with the fighter authorizing.
4. A marshal cannot authorize someone in a weapons style that they are not or have not been authorized in.
5. No unpracticed novices should be allowed to attempt to authorize. This includes combatants coming from the Youth Combat program. They must have a period of training with rattan weapons before attempting to authorize.
6. Ealdormere authorization cards shall be valid for a period not to exceed 2 years. At any point before the expiration date, the fighter must communicate with the Minister of the List, or a designated deputy. Upon confirmation that their contact and authorization information is up to date, and that the fighter has fought since the card was issued, the card may be re-issued for an additional 2 year period and stamped with the new expiry date.
7. Normally a successful authorization bout for a single-handed weapon and shield will reactivate all the previous authorizations held, but the person may attempt to reauthorize in another weapons style instead of a single-handed weapon and shield if they prefer.
8. Authorizations at practices are allowed with the permission of the Earl Marshal.
9. The opponent of the authorizing fighter should be experienced and known to the marshals. (This is so the warranting marshals have a standard reference by which to judge the authorizing fighter.)
10. All fighters, unless excused by the Kingdom Marshal of Armoured Combat for good and sufficient reason, must authorize first in single-handed weapon and shield
11. A primary authorization bout shall, at a minimum, consist of:
  - a. Sparring, calling all blows
  - b. More sparring, with the opponent 'pressing' the candidate.
  - c. Candidate on their knees, fighting a standing opponent.
  - d. Candidate with a weapon in their off-hand with no shield, fighting a fully armed opponent.

12. The following shall be the authorization categories for Ealdormere;

- Single-handed weapon and shield (W/SH) - All single-handed swords, axes, maces, or war hammers and shield. Thrusting, including face thrusting, is included in this authorization. Combatants authorizing will need to show that they are safe with both slashing and thrusting.
- Great Weapon (GW) - All two-handed slashing, crushing, and thrusting weapons, including Polearms, Great Swords and Spears. Thrusting, including face thrusting, is included in this authorization. Combatants authorizing will need to show that they are proficient with both slashing and thrusting.
- Two-weapon (TW) – Fighting with one weapon in each hand (a shield is not a weapon).
- Combat Archery (CA) – Bows and Crossbows with tubular arrows.
- Siege weapons (SW) – Catapults, trebuchets, ballistae, etc.

## **Authorization Process - Fencing (Ealdormere Fencing Handbook)**

### **Authorizations**

- A. The following primary fencing authorization categories shall exist in Ealdormere. The combatant may choose either for their first authorization, but authorization in one does not grant authorization in the other:
  - a. Rapier (R - was HR) - Fighting with a single Rapier.
  - b. Cut and Thrust (CT) - Fighting with a single Cut and Thrust weapon.
- B. The following secondary fencing authorization categories shall exist in Ealdormere. Once a combatant has authorized in a secondary form, they may use that form in conjunction with any primary authorization they have.
  - a. Parry Device (PD) - All parrying devices that comply with the guidelines set out in section 6 (e.g. buckler, baton, cloak, etc.)
  - b. Two-Weapon (TW) - Fighting with one weapon in each hand.
- C. An authorization will be run by at least two marshals and may take place at events or practices. The authorizing marshals must be authorized in the form being attempted. For all primary authorizations, at least one and preferably both marshals will be unfamiliar with the candidate. For advanced authorizations, at least one of the marshals will be unfamiliar with the candidate.
  - a. An unfamiliar marshal is one the authorization candidate does not practice with, in the form being attempted, more than once every two months.

- b. As well, the unfamiliar marshal does not live in the same region or municipality as the authorization candidate.
- D. The following procedure shall be used for a primary authorization:
- a. The candidate will be asked between 2 and 4 of the questions found in Appendix 1, with an answer similar to the ones in Appendix 1. These questions will take place off the field. Questions can be asked at the end of the procedure, at the marshal's discretion.
  - b. The candidate will fence against an experienced and authorized fencer, who may be one of the marshals running the authorization. The experienced fencer will provide many opportunities for the candidate to demonstrate their skills, they will not try to trick the candidate.
  - c. The two will fight as if in a typical bout, acknowledging blows received and responding by losing the use of appendages, as appropriate to the goals of the authorization. The marshals may direct the candidate to fence in a certain manner to facilitate the demonstration of the required skills.
  - d. The candidate will demonstrate both thrusts and cuts with appropriate control.
  - e. Non-valid blows which might have appeared good should be acknowledged verbally.
  - f. The candidate shall show good control, whether being energetically pressed, or on the attack.
  - g. The candidate shall demonstrate good calibration with both their primary and their off-hand.
  - h. The candidate shall demonstrate good calibration against an opponent who is fighting from the ground.
  - i. The candidate shall demonstrate the ability to respond properly to a hold.
  - j. The marshals and authorized fencer shall discuss the candidate's progress at several points during the authorization. If they agree that the candidate has shown sufficient skill and control to be able to participate safely in fencing tournaments, then the candidate shall be considered authorized.
  - k. The candidate shall submit the necessary paperwork to the appropriate people to receive an authorization card. At this point the candidate shall be allowed to participate in all fencing activities in Ealdormere, using only the weapon forms in which they are authorized.

- E. An authorization in Parry Device or Two-Weapon shall follow the authorization procedure in H., with the following stipulations:
- Authorization in a secondary form grants the use of all devices allowable for the secondary form, regardless of the particular device used to authorize (e.g. authorizing in Two-Weapon with a dagger allows the fencer to also fight with two rapiers, and authorizing in Parry Device with a buckler allows the fencer to also fight with a cloak or baton.)
  - It is necessary to show safety with only a single type of device during the authorization. It is incumbent on the fencer to become familiar with other devices covered by the authorization category before using them in outside of practice.
  - Questions are not part of the authorization procedure, as the understanding of the rules should be demonstrated.
  - The parry object a fencer brings to their authorization should be a rigid object, such as a buckler or baton, except under unusual circumstances, at the discretion of the authorizing marshal.
  - No reporting of secondary authorizations is necessary, they shall be reported when the fencer renews their authorization card.
